Giles Rowley
Porsche Retail

Office, Retail & Industrial Façade Cleaning

YOU DON'T GET A SECOND CHANCE TO CREATE A FIRST IMPRESSION - SO MAKE IT COUNT

Over time, the effects of nature and commerce conspire to tarnish the image of your prestigious building.

Ramora has the solution. We use new technology to gently steam clean all types of hard surfaces and façades, transforming tired and grubby buildings.

Quality

Our service protects and extends the useful life of a building or surface and ensures buildings and facilities are presenting a clean and professional image.

Speed

Our method is significantly quicker than any other. We try to avoid scaffolding. This means that the whole process is quicker to set up, quicker to execute and ultimately the result is in place faster allowing you to benefit sooner.

Cost

Our service is a lower cost alternative than traditional methods. This coupled with a better and quicker result means that we offer unrivalled value for money.

Hassle Free

All of our clients benefit from a total service solution – from start to finish. We work 24 hours a day, seven days a week to ensure any disruption is kept to a minimum.

Gentle

We do not use any chemicals in our process, just low pressure steam – so there are no COSHH issues or environmental implications.

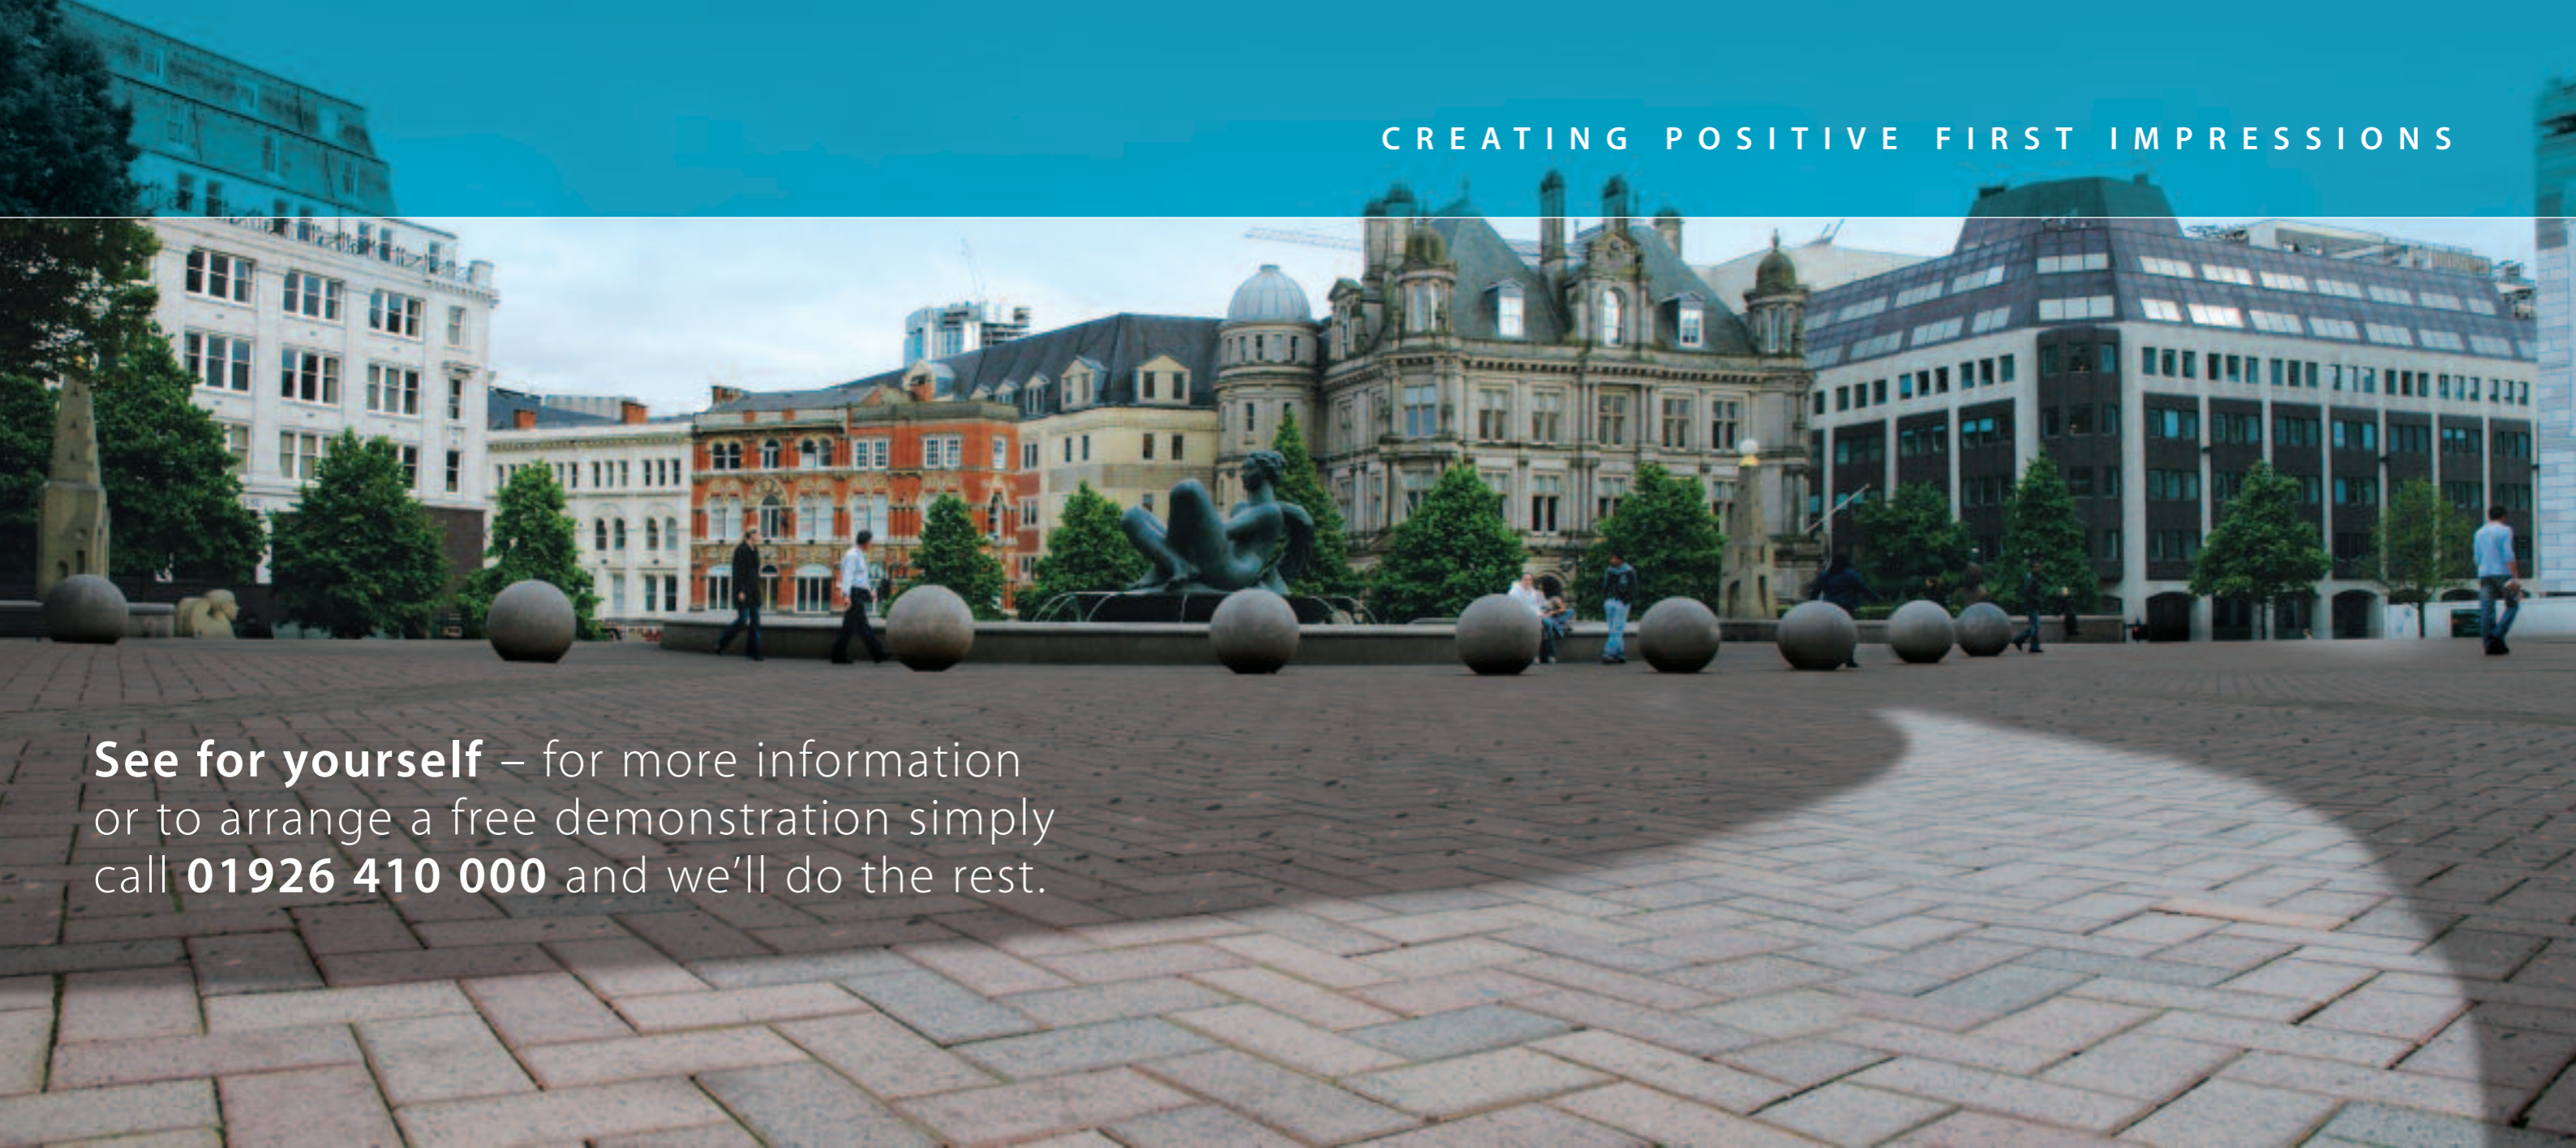

We also operate a 'one stop shop' – all your external maintenance needs. We handle all the following on your behalf:

- Liaison with the Highways Agency
- All health and safety issues
- All height access arrangements
- All water access arrangements
- Occupier and tenant notification

Before

After

"Ramora represent a very professional additional service provider for BCCP. We rate their speed of turnaround and scale of operation, as well as the quality they deliver for us."

Jim Kelly
Birmingham City Centre Partnership

Cleaning of Public Access Areas

YOU DON'T GET A SECOND CHANCE TO CREATE A FIRST IMPRESSION - SO MAKE IT COUNT

Over time, grime, chewing gum, oils and fats, paints and graffiti can tarnish all public areas.

Ramora can return these surfaces to new by using new technology at scale to deep cleanse with steam massive public access areas.

Quality

Our service protects and extends the useful life of surfaces and ensures buildings and facilities are presenting a clean and professional image.

Speed and Scale

The scale of our team means we can deep cleanse up to 5,000sq/m per shift. Occupiers and ratepayers see an immediate difference in their environment which helps reconcile them to the cost and any short term disruption. Our scale allows us to pre-leaflet nearby occupiers and immediate follow up with window cleaning for affected retailers.

Cost

Our service is a lower cost alternative than traditional methods. This coupled with a better and quicker result means that we offer unrivalled value for money.

Hassle Free

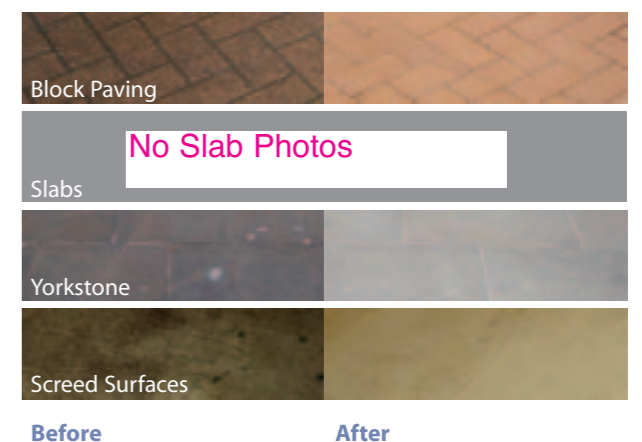

All of our clients benefit from a total service solution – from start to finish. We work 24 hours a day, seven days a week to ensure any disruption is kept to a minimum.

Gentle

We do not use any chemicals in our process, just low pressure steam – so there are no COSHH issues or environmental implications.

We also operate a 'one stop shop', which means we will look after your job from start to finish. We handle all the following on your behalf:
